OUR APPRECIATION TO OUR MANY CUSTOMERS

for their sincere co-operation afforded us during the very trying war years, when it was almost impossible to render the type of service that we now expect to resume under peace-time conditions, and, although our costs are increasing greatly, very few of our prices have been changed—in many cases they are far less than last year.

The bulbs and seeds we are offering this year are grown by leading specialists here and abroad, and we highly commend them for their skill in obtaining the highest grades and qualities.

In order to assist our many accounts throughout the nation in disposing of bulbs very readily, we will forward FREE OF CHARGE beautiful individual illustrated picture of every variety of bulb listed below: Amaryllis, Anemone, Ranunculus, Begonia, Caladium, Calla Lily, Freesia, Crocus, Gloxinia, Gladiolus, Daffodils, Hyacinths, Ixias, Dutch Iris, Leucojum Vernal, Regal Lily, Sunset Lily, Muscari, Narissus, Ornithogalum, Sparaxis, Watsonia and Tulips.

We have been appointed as special representative on the Pacific Coast for a large Holland concern. In order for us to make definite commitments with them, it is imperative that your orders be sent to us now, as it takes considerable time for these growers to assemble the vast number of orders. Under the sad conditions that are still somewhat prevalent in their country, as well as in this country, many items are still hard to get.

In order to assist them, and as a special inducement to our many customers, we will grant a **3% cash discount** if order is received within thirty days of the receipt of this catalog; otherwise no discount will be allowed, as our prices are very low indeed.
